SOMELUMA

Deep, spatial, cinematic progressive house and melodic techno, played to make people feel something. Tribal and funky sides too.

DJ / LONDON TO LISBON

AFRIKABURN 2026, PAMOJA CAMP

ABOUT

Someluma is Antonio Fortes. He spent years playing in London and moved to Lisbon in 2026.

His sets are slow builds and long journeys. Deep, emotional progressive house and melodic techno with a lot of space in it, opening up into tribal percussion or funk when the room asks for it. Just as happy opening a night as playing it long.

He has played Burning Man, AfrikaBurn, Forest Party, Unity Festival and London clubs including KOKO. On 7 November 2026 he played DECOM, the Burning Man fundraiser in London.
